**Only a few days until you receive your ballot – Have you done enough to ensure victory for our endorsed candidates?**

We've spoken to you before about the race for House District 51 and how important it is to send a Common Sense candidate to Salem from your area. We've told you how Cheryl Myers and the House Democrats have lied in mailers to the district about Patrick Sheehan and his position on the sales tax.

Well, Cheryl Myers and the Democrats are at it again – they have sent another misleading mailer full of lies to voters in hopes of smearing Patrick Sheehan and scaring voters into electing Myers. Click here to read about the smear campaign:

<http://patricksheehan.org/cheryl-myers-misleads-voters.php>.

We think what's scary is the fact that **Cheryl Myers is willing to do anything to get elected** - including lying to the voters. The citizens of House District 51 deserve better.

Now is the time to stand up for candidates who are honest, who have integrity and who we can believe in. It's time for a positive change in our state and Patrick Sheehan will bring about that change with our help and support.

**Please Support Patrick Sheehan - A Voice of Integrity and Common Sense in House District 51**

Patrick Sheehan will:

- Work to sunset the tax on gross receipts and eliminate the capital gains tax immediately
- Work to reduce government spending
- Work to reduce government waste

- Promote policies to create jobs for Oregonians so they can bring paychecks home again

We encourage you to get involved in Patrick's campaign by visiting his website at [www.patricksheehan.org](http://www.patricksheehan.org) and helping him by:

- Volunteering for his campaign, either by walking, making phone calls or helping the campaign with other important tasks
- Hosting a coffee and introduce Patrick to your friends and neighbors
- Requesting lawn or field signs from Patrick's campaign
- Writing a letter to the editor in support of Patrick
