When it comes to lowering taxes and protecting jobs, Clackamas County taxpayers know they can count on Bill Kennemer. That's why he's earned Common Sense for Oregon's endorsement for state representative this November.

Time and again, Bill Kennemer voted no to raising taxes. He stood with us in the fight against Measure 66 and 67. He voted no on higher gas and transit taxes. You can count on Bill to help protect your wallet and create jobs.

How about Bill's opponent, Alice Norris? As Oregon City Mayor, Alice proved she is no friend to Oregon taxpayers. From extravagant bonuses for city employees, to unnecessary public works projects, Alice has shown she knows more about spending your money than using it wisely. And, Alice is supported by several public employee unions who relentlessly raided your wallet to fill their own.

Bill is in a tough fight and he needs your help today. Tell Bill thanks for standing up for your wallet by visiting www.billkennemer.com and signing up to:
